THE ONLY FAIR IN THE COUNTY

Saturday, August 27th, at 1 p.m. the Minden Fall Fair will kick off another big day. This year promises to be the largest showing of Livestock, Swine and Poultry.

Once again there is a special prize for the oldest woman and man at the Fair, so don't leave Grandma at home, who knows she might even enter the nail driving contest. For all the old time fiddlers you had better polish up those violins and get in the swing of things. There are many special prizes being donated so make sure you attend your fair. The Minden Fair is in its 102nd

year and it was held in the present Fair Grounds in 1864. The Fall Fair is a symbol of life in which urban and rural folk assemble and become acquainted and where old friends meet. Most of all it is a chance for competition and consequently livestock, grain and seeds, vegetables and fruit are improved. The women's Section too, where competition is keen in baking, canning, needlework, arts, crafts and flowers, plays no small part of the Fair.

Mr. Bill Scott M.P., will officially open the Fair at 1 p.m., Saturday, don't be late — it will be a big day, all day.

HYLAND CREST AUXILIARY TO MEET SEPTEMBER 12TH

There are many activities planned for the year with respective convenors representing each phase of the work.

Mrs. Rose Young is convenor for Friendship Visiting. Mrs. Lil Stevens will convene the Tuck Shop which they plan to open from 2 to 3 in the afternoon and from 7 to 8 in the evening. Tea Partys are planned for the residents and Mrs. Joan Fennell will be the convenor for this activity. Mrs. Isobel Harrison will be in charge of Crafts and Mr. Bob Harvey Sr. will look after entertainment. Professional hairdos will be provided by Mr. Bob Austin of Rob Mar Beauty Salon and Fred Cooper will take care of barbering service.

Since the Home opened on July 4th and the senior citizens have taken up residence Mrs. Grace Coburn has conducted a singing and worship period for them every Wednesday afternoon.

FUEL TRUCK CRASHES AT AUSTIN'S ESSO STATION

Extensive damage resulted on Saturday, August 20th, when a fuel truck, struck a car and tire rack at Austin's Esso Service station here in Minden, and then went over an embankment.

The OPP here estimated total damage at nearly \$3,000.

Police said the truck driven by 21 year old Sydney Stamp of Minden, struck the rear of a car owned by Charles Lindsay of Weston, which had been parked at the gas pumps. Before going over the 25-foot bank at the side of the station, the truck crashed into a tire rack, which was in its path.

Police said the car sustained \$450 damage the tire rack received \$1,000 damage and the truck sustained \$1,500 damage.

The driver Sid Stamp, Minden's White Rose distributor, sustained lacerations, and was released from hospital.

Minden OPP Constable John Parsonage and Constable Gene Whitney investigated.

Here and There

with
FENWICK FINCH

We get mail — of a kind.

One of the letters this past week presumes to explain the "mystery tracks that we referred to last week.

Here's the explanation — "I believe it is the prodding nose of Fenwick Fink's private blood hound desperately searching for a cheap, 10 or 5 cent cup of coffee. Would you believe — Fenwick Fink himself?"

Couldn't have been — there is lots of good ten cent coffee around — you just have to leave the "cartel" area to get it.

The writer goes on to mention "water" being cheaper. Not in my area it ain't — by the time I pay frontage and regular bills it makes even coffee cheaper.

Projecting me into the future the letter sees me crippling around on crutches ten years from now — still complaining about the price of coffee — 20 cents by this time.

I hope you're right — never mind the price of coffee — just so's I'm here to complain about it. However, if the existing restaurants that are charging the extra five cents are in such economic straits that they are this close — (as I have been led to believe) — to economic disaster — then, my letter-writing friend — they don't need to worry about me — they won't be around to charge me 20 cents. Right? Right!

In closing the mail bag I couldn't quite make out the signature on the letter — however, it's good to know we have thinking people in the county — I don't spend any money on cigarettes — now, cigars, that's a leaf of another colour. So, thanks again for trying to clear up the "mystery tracks."

* * * *

Last week at the Hockey school, Brynell Park, Fenelon Falls I was treated to the sight of a doting father taking his son around the school on his birthday.

This school, as you all know is operated by Frank Stukus of sports' fame. This father, a dentist from Ohio, took his son through the whole deal, the purpose being to show his son what was in store for him.

The father was quite enthused, it made quite a birthday present — the son, he appreciated his birthday too — Just three weeks old that morning.

* * * *

The latest member of the "Finch coffee Club" came as the result of the toss of a coin. The newest member, Ron Robinson, the "the Reeves" of Minden. There may be a conflict of interest here as Ron runs the "Oasis", but then that's life — could be poetic justice.

* * * *

I couldn't help overhearing a conversation in which the protagonists were running down the various types of "foreigners" that were coming into the country. Franklin Delano Roosevelt summed it up quite neatly in the following statement. "All of our people — except fullblooded Indians — are immigrants, or descendants of immigrants, including even those who came here on the Mayflower."

* * * *

Until next week, think on this — "He hasn't an enemy in the world — but all his friends hate him."

See you next week.

FORMER HALIBURTON RESIDENT DISPLAYS MUSEUM PIECES IN PORT CARLING

Pioneer week in Port Carling, held during the last week of July, featured many interesting displays at the Pioneer Museum and a very special tea at the Muskoka Lakes Golf and Country Club. All the events were arranged by the Museum's Honorary President, Mrs. Douglas E. Catto and her committee to publicize the Pioneer Museum and to raise funds for the permanent building which will be Port Carling's Centennial project.

On Wednesday afternoon, Mr. Alvin Kaye, of Haliburton County displayed his collection of harness bells, old fire-arms and unusual clocks, in the lobby of the Algonquin Hotel.

Mr. Kaye has a large collection of pioneer articles in his museum at Donald, here in Haliburton, and when Port Carling completes the new Museum, he has offered his collection to the Board of Directors on loan.

Business In Minden

NORTHLAND SURPLUS STORE OWNER HAS MANY ROLES

This week we start the first of a series of articles on the many different business, and business people in this community. We hope you will find some of the history and personalities involved in these articles as interesting as we have.

Charles "Slim" Brandon, is a big man, and also has a big job to do. Mr. Brandon plays many roles in this community, and does a fine job in each one. He is the Reeve of Anson, Hindon and Minden — a baker by trade, and greets everyone with a kind smile in his store, Northland Surplus. Besides running three businesses, he is an ardent Rotarian, and heads many of the towns functions, either as chairman, or as a member of a committee.

Mr. Brandon was born in Cannington, while his wife Shirley hails from Haliburton County. The Brandon's have three children.

Slim came to Minden in 1950 and started Brandon's Bakery, which was then located in the basement of what is now Northland Surplus. Mr. Frank Welch was the owner of the building at that time and ran a grocery business in the present Surplus store. Two other businesses occupied the rest of this building, Coburn Drugs and the Rockery Sporting Goods.

Mr. Brandon bought the building in 1953, and in 1958 opened the Northland Surplus. The bakery up to this time was still thriving in the basement, but in 1960, the now present Brandon's Bakery was built and this new addition

to this building, is certainly an asset to both business and community.

Mr. Brandon employs two girls full time, Mrs. Harold Coulter and Mrs. Eugene Whitney. His staff is increased in the summer months to fifteen part time help.

Mr. Brandon is in his sixth year of council and second as Reeve. Four years of his youth was spent in the RCAF as a member of the airforce band. Music is his hobby

and enjoyment, spending 11 years in the Anglican Church as organist on Sundays. He helped organize the Haliburton County Band and was band master for many years.

Slim came up through the bakery business quite naturally, for his family had been in the bakery business all their lives. Slim himself accounts for thirty years in the business.

On closing this chapter of Charles "Slim" Brandon and Northland Surplus, this town can be proud to boast of such a business and such a fine personality.

Mrs. Marjorie Coulter is shown above going over prices with her employer Charles Brandon.

Mrs. Henry Howe of West Guilford, is another satisfied customer at the Northland Surplus. This store is unique, for it is the only Surplus store in the County.

A SMALL COUNTRY FAIR

It was exactly 102 years ago, Minden staged its first fair — now the saying goes, "If the cow ate the turnip, it was fair over". I have heard some say the same thing about recent Minden Fairs. Well, I don't buy it one bit. We attended last years Fair, and got quite a bang out of it, and if you remember it was very cool for that time of year.

You can say what you like about Aunt Minnies preserves, and her pickles too — but they are the real thing. You will have to go along way before you see a layer cake, and milk rolls like they have at our fair — and if you are an embroidery fan, well, you will see some slick, picking needle work. Now I can't say my enthusiasms run along these lines, but, if you take a little notice it is surprising what you learn. For instance I didn't know what a "Slumber Slip" was untill last years fair. I guess if I ever had to describe a "Slumber Slip" up till that time I might have said it was a sexy, frilly garment, a gal could wear day or night! And if you haven't seen a decorated, fungus, well, you just haven't seen anything — and believe me there will be one at our fair.

Don't motor up to the fair grounds expecting to see all the latest equipment for industry, all the new makes and models of cars, and a stage a quarter of a mile long with a hundred shapely beauties doing the Go-Go in Mini skirts. Heavens No. This is a small country fair — which means its all for real. You simply drive in, park your car, and wander around, at very little cost. You aren't pushed into this building, and dragged out of that one. You eat fresh popcorn, and that days hot dog. Your not clipped everytime you turn around. You will be entertained by professionals on stage, and you will be close enough to tell the colour of their eyes. These things add up, when the day is done, you have enjoyed yourself — those aching corns don't bother you, and you are able to come back again in the evening to take in the activities.

It is an impossibility to compete with the Lindsay, Peterborough or Toronto exhibitions, and we hope they never try. One has to drive a long way to see as good an old fashion country fair as this one is — and believe me there is nothing more quaint, and more exciting, than a country fair.

The executive must be congratulated, for even such a small fair requires unlimited hours of work and planning. President, Leslie Prentice; 1st Vice-President, William Dugan; 2nd Vice-President, Mervin Gilbert; and Secretary - Treasurer, Mrs. Garnet Lytle have done a tremendous job in organizing their committees and directors to form a working team, which puts on a very pleasing and successful country fair.

A FEW OF THE REASONS YOUR HELP IS NEEDED

MOTORIST FINDS MAN

UNCONSCIOUS ON ROADSIDE

A man who was in an automobile accident some time last Tuesday night, August 16 or early Wednesday morning August 17, may have been unconscious on the roadside for several hours before he was found by a motorist just before 7 a.m.

Police said 21 year old Lyle Kent of RR 1, Minden was found unconscious on Highway 35, just north of the Victoria-Haliburton county line and was rushed to the Red Cross hospital here in Minden, by the Ontario Provincial Police.

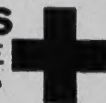

The Kent vehicle had apparently been southbound on Highway 35 when it went off the east side of the road on a curve and rolled. The car ended up in bushes where it was obscured from the view of passers-by.

Police said the 1964 model convertible was totally wrecked. The motor of the car was thrown 30 feet further in the bush from the car when it crashed.

Mr. Kent apparently made his way from the wrecked vehicle to the side of the highway where he collapsed and lay unconscious.

Police said Kent apparently alone in the vehicle when it crashed. Minden OPP Constable Doug Heath investigated.

TO BE — OR — NOT TO BE!

That is the question that befronts this writer at this publication, however, it is my opinion that a new NIGHT LIGHTED BALL PARK would be a definite asset to this community as well as to Haliburton County!

Firstly our Ball facilities appear to be quite inadequate as one has only to traverse across the existing ball diamond, to find the surface extraordinary hard, not mentioning other hazards one might encounter in fielding a ball! As for the out-field, what can one say for this Hay Field, IMPROVEMENT IS NEEDED!!

A most recent phone call to Joe Jenkins, Recreational Director from the village of Little Britain, revealed some interesting facts. This little community, population 25 to 300 were faced with the same problem Minden faces at this time, inadequate Ball Facilities. They found that the younger generation, age 12 - 17, were consistently walking the streets in the evenings completely bored because of the lack of Recreational Facilities and Leadership. As a result a campaign was started to erect a Ball Park that would not only fill the needs of the area but to give these boys an area of competition in which to compete. The new Ball Park complete with lights proved to be the incentive that these young men needed.

This Park erected in Minden would cost in the neighbourhood of \$12,000. It would be complete in every aspect, night lights, metal backstop, sanded in-field, seeded or sodded outfield, bleachers, and of course fenced, to assure that little or no damage could be done to this area.

I must admit that \$12,000. appears to be a lot of money to set aside for a Ball Park. However, Little Britain did it with their population of 300, and had it paid for in one year. Can Minden support such a project???

Next week we'll have your opinion of — TO BE — OR — NOT TO BE!

Footnotes — In OSBA this past week end softball fans her in Haliburton County, took a look at some fine ball, played by the little community of Brooklin, Ontario. The Minden All Stars went down with a thump, when Brooklin whopped them 14-1, and 13-0 here at home. However even though the score was lop sided, it was a pleasurer to see some fine ball players, in the form of the Brooklin club.

The big golf day is fast approaching — this of course is the Beaverbrook invitation. Everyone is welcome to play in this 18 hole event, and post entries will be taken. Tee Off time is slated for 10:30 and will close at 12:30. Lets have everyone out and make this first annual tournament a big success.

I am asking once again, hat is taking shape in the form of an intermediate hockey club? Lets go fellows, early planning means early success. Those who hesitate are lost.

"KAWARTHA SUMMER THEATRE"

The Kawartha Lakes Tourist Association's "Kawartha Summer Theatre" winds up its nine week 1966 season at the Academy Theatre in Lindsay, with an old time melodrama — Lady Audley's Secret. This play was written in the Victorian era when such plays were taken very seriously but now they appear riotously funny.

The permanent company of the Theatre play the roles in Lady Audley, Marilyn Lightstone as the young noblewoman, trapped in a snare of her own making, Dennis Thatcher as the old and trusting baronet betrayed by the young maiden to whom he has given his heart, Joyce Campion as the true blue serving girl who's loyalty is to the house of Audley rather than to any one member of it, and Kenneth Dight as the gardener, cunning, unscrupulous and, worst of all, a drinker!

The 1966 season of the "Kawartha Summer Theatre" is ending on a very optimistic note with attendance increasing each week and the audience from all parts of the Kawartha Lakes area. The season has also seen many tourists from the United States attend the plays, cottagers from near and far and a solid core of permanent residents who come each week and look on the theatre as their own.

Most popular plays of the season so far have been Charley's Aunt and Blythe Spirit, with Reluctant Debutante and the Agatha Christie's thriller The Mousetrap, running close behind. The intense heat of the first weeks of operation in late June and July reduced attendance, but the cooler weather of August has nearly filled the beautiful six hundred seat theatre in the middle of Lindsay.

Regular theatregoers have already put in orders for next season's series — indicating that the second "Kawartha Summer Theatre" has been another success.

\$600 DAMAGE

A two car crash on the Bobcaygeon Road, two miles north of here Saturday evening resulted in \$600 damage.

Minden: OPP said a vehicle driven by 19 year old Judy Strass of Toronto was stopped on the road while Miss Strass was inquiring about directions, when a car driven by 20 year old Byrnell Gilbert of Oshawa rounded a corner crashing the Strass car.

A LINDSAY MAN — FIRST CANADIAN PILOT ANNOUNCER

Canada's first pilot announcer, a helicopter and a unique communications setup will give Toronto radio listeners instant news, traffic and weather conditions as they happen via station CKEY.

Vice-President and General Manager D. C. Trowell of CKEY said today that 25 year old Bob Carter, a well known Victoria-Haliburton broadcaster and pilot, will fly the three-place Hughes 300 helicopter.

Carter will be able to fly a CKEY newsman to any area where the news breaks to report the situation direct to CKEY listeners.

The only Ontario station to own its own helicopter, this service is completely flexible for any situation, whether rescue work, mercy flights, police action or in covering sports and news events.

Up to the minute traffic and weather reports will be broadcast live from the CKEY helicopter. Radio listeners will hear current reports without delay with the aid of the new communications system.

Carter will be in constant contact with air traffic control as required by D.O.T. regulations. Simultaneously by way of a separate system he will be in direct communication with the radio program on the air to provide up to the minute reports on traffic conditions.

Another new feature will be verified ski reports. On the spot coverage of ski conditions will be reported back to skiers ready to take to the slopes.

A STORY IS BEING TOLD

Supervisor of the recreational activities, Lois O'Neill is shown telling one of her classes a story. Lois has been very busy over the past two weeks, teaching the children many different games and crafts, at Kinsmen Park.

THERE'S WORK TO BE DONE

Pictured above are the two fellows who took a dip in the lake, just three weeks ago, when their Helicopter caught a wire and turned up side down in Kushog Lake. They are shown refueling their Helicopter, and are ready for take off. On the right is pilot John Busky, from the Dominion Helicopter Service. Beside the pilot is Percy Cassidy, from Minden, and the Department of Lands and Forests here. Mike O'Neil, standing in the truck, also from the Department here, is lending a hand.

MINDEN RECREATIONAL COMMITTEE HELD SUCCESSFUL ACTIVITIES AT KINSMEN PARK

For the past two weeks Miss Lois O'Neil has supervised 15 to 20 children at the Kinsmen playground Park. The programme consists of many activities and as you pass the Park you might see the children singing, playing baseball or just listening to a story.

Last Wednesday they all packed a lunch and went on a hike to Indian Hollow and needless to say came back with many a story to tell.

Arts and Crafts have been another popular pastime on the agenda, and this work has been taking place in the Recreational Hall. The girls and boys who took part in this programme certainly enjoyed every minute of it, and Miss O'Neill is to be congratulated for doing such a fine job of supervising these children. The Recreational Committee is also to be commended for sponsoring this programme.

It must be very gratifying for the Kinsmen to see their Park being used to such an advantage.
